Dimension 4 Workstations»

The most versatile workstation available today. Ergonomic design, adjustable components, endless accessories, modularity, and a clean, stylish appearance are all hallmarks of the "D4."

Dimension 4 workstation configurations expand from standalone single units, to assembly lines, to full production cells. There's no limit!

5-Day Quick Ship»

A broad selection of products in the most popular color combinations, and fast delivery! Quick Ship products are on their way to you within five days. For production, assembly and packaging furniture there just isn't a better solution.

Dimension 4™ Workstations

Even our flagship Dimension 4 modular workstations are available through the Quick Ship program. We offer a great selection of the most popular sizes and accessories from this unsurpassable line.

Workmaster® Workbenches

Whether you need a basic bench or an option-loaded technician's bench, you can get it fast through our 5-Day Quick Ship program!

Pro 950 Series™ Workstations

IAC's Pro Series is, quite simply, the best stand-alone workstation you can buy. Cantilever legs provide plenty of leg room. The 950 Series features hand-crank height adjustment, using a silky-smooth hydraulic system.

Multi-Task Systems (MTS)

Add shelves, lighting and productivity accessories above the worksurface of just about any workbench with our Multi-Task System (MTS). Sizes to fit 48", 60", 72" and 96" long worksurfaces.

Packaging Accessory Bench

Roll Storage Stand

Carton Rack

Packaging Stations

Packaging and Accessory Stations – These specialized benches and accessory stations provide a rugged platform for a wide range of activities that help keep products moving out the door. Accessories include shelves, shelf dividers, electrical channels, lighting, paper/wrap spool holders, and swing arm-mounted document holders, and computer platforms.

Carton Racks – Built from heavy-gauge steel, and available in 1- or 2-tier versions, our Carton Racks keep cartons and other packaging material handy and organized.

Roll Storage Stands – Available in both floor and tabletop models, they hold rolls up to 42" long. Use for foam or bubble wrap, wrapping paper, plastic sheeting, shipping labels, etc.

Standard IAC Products Continued on Back ►

More IAC Standard Products

Workmaster™ Series Workbenches»

IAC's versions of the "basic" workbench for the technical and lab environment. Hundreds of pre-configured models available. Drawers, shelves, lighting, and other accessories provide endless customization.

- **E Series**—Benches with standard 4-leg or 2-leg plus one pedestal
- **C Series**—Dual pedestal benches

Pro Series Workstations»

Cantilever leg design and smooth hydraulically-actuated height adjustment make the Pro Series the pinnacle of standalone workstations. Easily enhanced with instrument shelves and MTS upper structures.

- **900 Series**—Mechanically adjustable
- **950 Series**—Manual hand crank adjustability
- **960 Series**—Motorized hydraulic adjustability

Workmaster® Storage Cabinets»

Choose from nearly 100 combinations of drawer and cabinet configurations. Standing 56" tall, they are available in both 48" and 30" widths. 3", 6" & 12" drawers heights; 15", 20" & 26" cabinet heights.

Technical Seating»

Good productivity begins from the bottom and works up... so to speak. Built to withstand the punishment of constant everyday use IAC's ergonomic chairs are the perfect complement to our workbenches.

Material Handling»

The shortest distance between two points is found with IAC Material Handling equipment.

- **Rolling Carts**
- **MTS Rolling Storage**
- **Mobile & Stationary Accessory Stations**
- **Mobile Cabinets**
- **Gravity Feed Racks**
- **Inlaid Rollers and Ball Transfer Systems**

LAN Stations»

Modular and adjustable design based on Dimension 4 workstations. LAN Stations feature integrated cable management and computer/electronics-related accessories, making them ideal for digital production suites or communication cells.

Workmaster® Storage Cabinet Workbench»

For those needing extra storage. These units offer wide, large capacity drawer pedestals supporting a variety of worksurface options that include laminates, maple block and stainless steel. Configure up to 3-cabinets wide with a single 96" worksurface.

Kinatechnics™ System 1 Workbenches»

Cold-rolled steel construction and H-leg design make these workbenches truly heavy-duty. Built-in slotted upper structure makes addition of shelving and lighting a snap.

Cleanroom Products»

Designed for Class 100 environments.

- **5000 Series Workbenches**—Completely sealed
- **AirClean™ Laminar Flow Workbenches**—Vertical or horizontal flow models

Modular Vertical Flow (MVF)»

Transforms existing Dimension 4 workstations into clean air stations. Includes clear vinyl curtains, magnehelic gauge and variable speed fan control.
